PREMIUM FOOT CARE

KOREAN PROFESSIONAL

# FOOT & NAIL CARE

PRODUCT CATALOGUE 2026

MADE IN KOREA

OUR BRAND

# Korean foot care, *refined for the world.*

pedi:all brings the know-how of Korean foot-care professionals into a simple routine anyone can follow — in the salon and at home.

We focus on the places everyday skincare forgets: toenails, cuticles, the skin between the toes, and hard, dry heels. Six products work as two easy systems, so customers always know what to use next.

### Made in Korea

Planned, formulated and produced in Korea.

### Foot & nail specialists

A focused category with clear shelf space in most markets.

### Salon & home

Pro-grade tools and cosmetics that also sell well at retail.

### Export ready

Documents for customs clearance and product registration.

WHY FOOT & NAIL CARE

# Three everyday concerns. One simple answer.

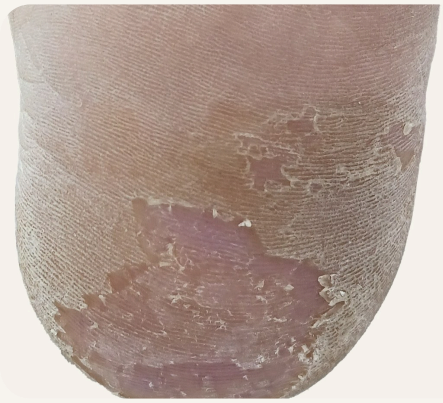

In warm climates, feet are on show all year. Customers notice their nails and heels — and look for products made just for them.

NAILS

## Thick, ridged or dull-looking nails

**Toe Tonic Serum · T-Cure Ampoule · Nail File**

SKIN

## Rough, hard skin on heels

**Callucore Cream · Foot Scraper**

HEELS

## Very dry, cracked heels

**Crack Seal Balm**

THE COLLECTION

# Six essentials.
# Two care systems.

Each product works on its own. Used together, in order, they make a complete routine that is easy to explain and easy to sell as a set.

## Nail Care System

STEP 1 → 2 → 3

**Washable Nail File**
Tool

**T-Cure Ampoule**
50 ml

**Toe Tonic Serum**
50 ml

## Foot Care System

STEP 1 → 2 → 3

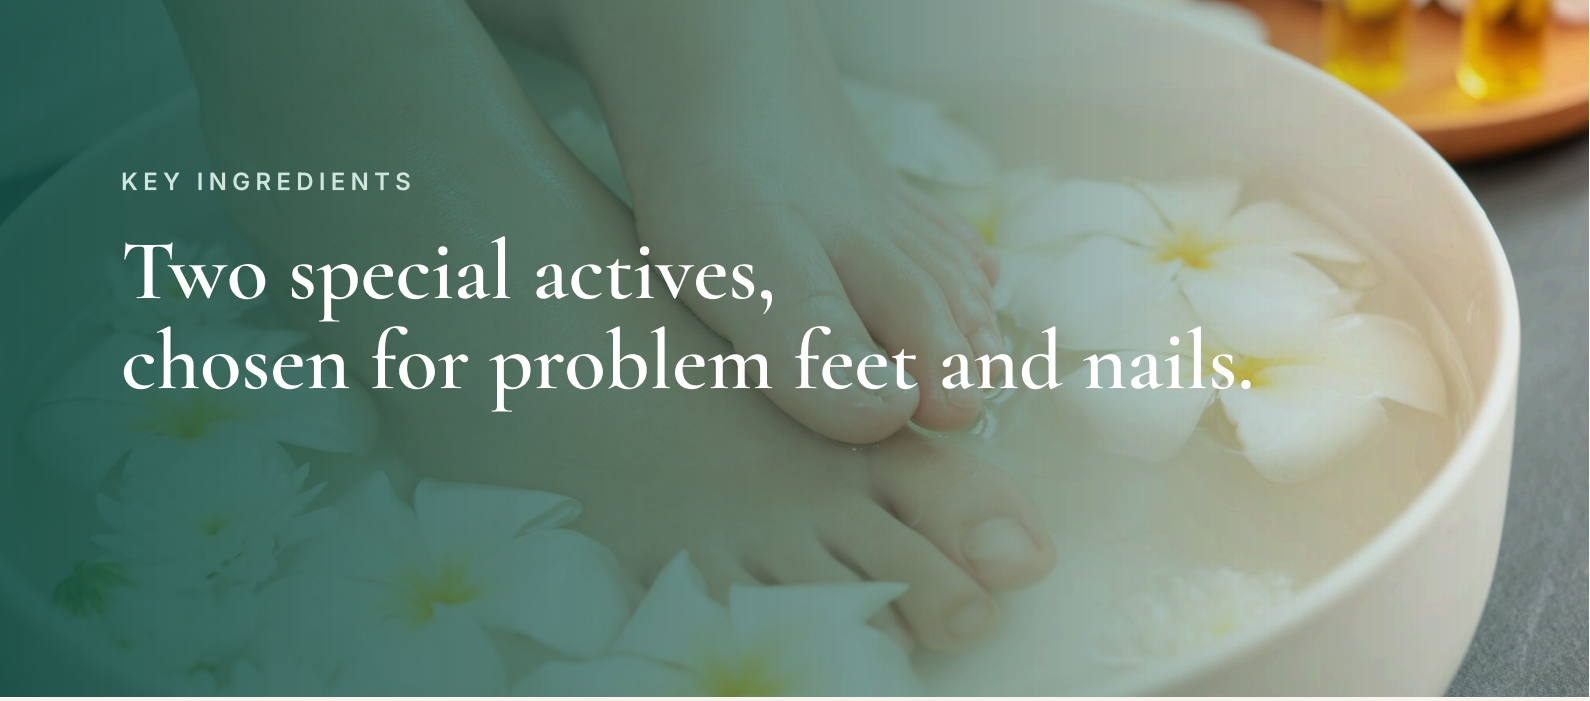

**Washable Foot Scraper**
Tool

**Callucore Cream**
200 ml

**Crack Seal Balm**
50 ml

KEY INGREDIENTS

# Two special actives, chosen for problem feet and nails.

## BSASM

Calms irritated, sensitive foot skin with seven botanicals in one formula — centella, licorice, chamomile, rosemary, green tea, knotweed and skullcap, each chosen for its soothing power. Non-irritating in patch tests, free of 35 fragrance allergens, patented.

IN ALL FOUR COSMETICS

## K-Oleo

A plant-oil complex for thick, rough nails — castor, camellia and green tea seed oils with camellia flower and seed extracts. It coats and protects the nail surface and keeps cuticles glossy. In a university raw-material test, it smoothed the surface of roughened nails.

IN ALL FOUR COSMETICS

### Urea

A classic foot-care humectant that softens rough, hard skin.

CALLUCORE CREAM

### Multi-Hyaluronic Complex

Several types of hyaluronic acid hold moisture at different depths of the skin.

CALLUCORE CREAM

### Tea Tree & Eucalyptus

Fresh leaf oils that leave feet and toes feeling clean.

T-CURE AMPOULE · CRACK SEAL BALM

### Shea Butter & Jojoba

Rich plant lipids that nourish and protect very dry skin.

CALLUCORE CREAM · CRACK SEAL BALM

NAIL CARE · 01

# Toe Tonic Serum

NAIL & CUTICLE SERUM

## Daily moisture for nails and cuticles.

A light, fast-absorbing serum for the nail and the skin around it. It keeps dry cuticles soft and helps ridged, dull-looking nails look smoother and cared for.

**BEST FOR**
Dry cuticles · ridged or dull-looking nails

### KEY INGREDIENTS

| | |
|---|---|
| K-Oleo | Nail surface care |
| BSASM | Soothing |
| Glycerin | Moisture |

### HOW TO USE

1. Clean and dry the nails.
2. Pump a small amount onto each nail and cuticle.
3. Massage gently until fully absorbed. Use morning and night.

Photos from individual use of pedi:all. Results vary from person to person. Cosmetic care only.

| VOLUME | CONTAINER | TEXTURE | SHELF LIFE | ORIGIN |
|---|---|---|---|---|
| 50 ml | Pump bottle | Light gel-serum | 36 months unopened | Made in Korea |

NAIL CARE · 02

# T-Cure Ampoule

NAIL & SKIN AMPOULE SPRAY

## A fresh, clarifying mist for nails and toes.

A quick-drying spray with tea tree leaf oil. It refreshes the nail area and the skin between the toes, so feet feel clean and comfortable all day.

**BEST FOR**

Nails that look thick or discoloured · a fresh feel after shoes

### KEY INGREDIENTS

| | |
|---|---|
| K-Oleo | Nail surface care |
| BSASM | Soothing |
| Tea Tree Leaf Oil | Fresh feel |

### HOW TO USE

1. Spray 2–3 times onto clean nails and the skin between the toes.
2. Leave until fully dry. Do not rinse.
3. Follow with Toe Tonic Serum for daily nail care.

Photos from individual use of pedi:all. Results vary from person to person. Cosmetic care only.

| VOLUME | CONTAINER | TEXTURE | SHELF LIFE | ORIGIN |
|---|---|---|---|---|
| 50 ml | Spray bottle | Quick-dry mist | 36 months unopened | Made in Korea |

PROFESSIONAL TOOLS

# Prepare first.
# Care works better.

NAIL CARE TOOL · 05

## Washable Nail File

### Shape and smooth, hygienically.

A professional-grade file for shaping and smoothing finger and toe nails. Rinse after each use and use again.

- Precise, gentle shaping
- For finger and toe nails
- Washable and reusable

FOOT CARE TOOL · 06

## Washable Foot Scraper

### Smooths rough skin before cream.

A foot file with a comfortable grip for smoothing rough, hard skin. Use before Callucore Cream so the cream spreads evenly.

- Gentle control on hard skin
- Comfortable grip
- Washable and reusable

FOOT CARE · 03

# Callucore Cream

INTENSIVE FOOT CREAM

## Softens rough, hard skin.

A rich urea cream with a multi-hyaluronic complex and shea butter. It softens thick, rough areas and keeps dry feet deeply moisturised.

**BEST FOR**

Rough, hard skin on heels and soles

### KEY INGREDIENTS

| | |
|---|---|
| K-Oleo | Softness |
| BSASM | Soothing |
| Urea | Softening |

### HOW TO USE

1. After washing, apply over the whole foot.
2. Focus on heels, soles and other hard areas.
3. Massage in. Use daily — best after the Foot Scraper.

Photos from individual use of pedi:all. Results vary from person to person. Cosmetic care only.

| VOLUME | CONTAINER | TEXTURE | SHELF LIFE | ORIGIN |
|---|---|---|---|---|
| 200 ml | Pump bottle | Rich cream | 36 months unopened | Made in Korea |

FOOT CARE · 04

# Crack Seal Balm

HEEL BALM

## Seals in moisture for very dry heels.

A rich protective balm that forms a moisture-sealing layer on very dry, cracked heels. Jojoba oil and botanical extracts leave the skin soft and comfortable.

**BEST FOR**
Very dry, cracked heels · finishing step

### KEY INGREDIENTS

| | |
|---|---|
| K-Oleo | Softness |
| BSASM | Soothing |
| Petrolatum | Moisture seal |

### HOW TO USE

1. Take a small amount with a clean finger.
2. Apply a thin layer to very dry, cracked areas.
3. Use as the last step — ideal overnight with cotton socks.

Photos from individual use of pedi:all. Results vary from person to person. Cosmetic care only.

| VOLUME | CONTAINER | TEXTURE | SHELF LIFE | ORIGIN |
|---|---|---|---|---|
| 50 ml | Jar | Rich balm | 36 months unopened | Made in Korea |

CARE SYSTEM 01

# Nail Care Routine

For nails that look thick, ridged or dull, and for dry cuticles. Use daily for best results.

STEP 1

## Washable Nail File

Shape and smooth the nail surface.

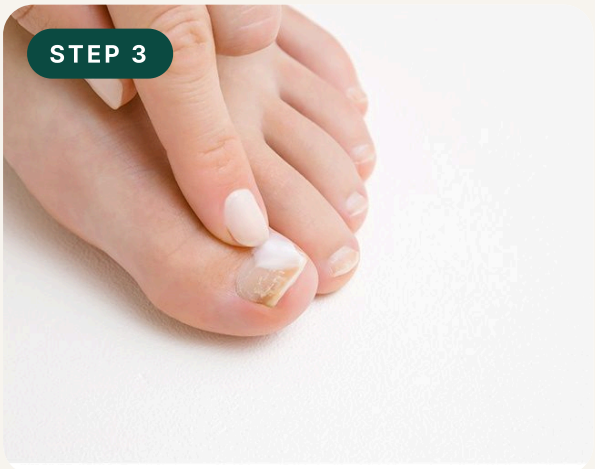

STEP 2

## T-Cure Ampoule

Spray onto nails and between the toes. Let it dry.

STEP 3

## Toe Tonic Serum

Apply to each nail and cuticle and massage until absorbed.

CARE SYSTEM 02

# Foot Care Routine

For rough, hard skin and very dry heels. Ideal as a salon service and as daily home care.

STEP 1

## Washable Foot Scraper

Gently smooth rough, hard areas on dry skin.

STEP 2

## T-Cure Ampoule

Spray over the foot for a fresh, clean feel.

STEP 3

## Callucore Cream

Apply over the whole foot and massage in.

STEP 4

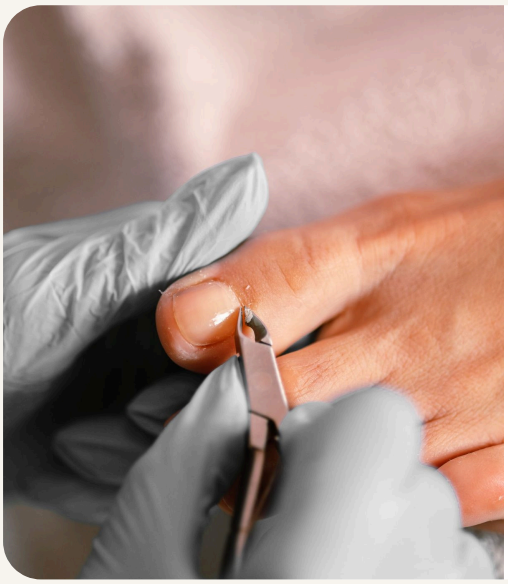

## Crack Seal Balm

Seal very dry, cracked heels as the last step.

FOR YOUR BUSINESS

# One line. Two channels.

pedi:all is built to sell in the salon chair and on the shelf — so one partner can grow both.

SALON & SPA

## A ready-made pedicure add-on

- Clear step-by-step service menu
- Pro tools plus aftercare to take home
- Salon staff training available

RETAIL & ONLINE

## A focused category that stands out

- Six products, easy to merchandise as sets
- Clean teal packaging that reads well on shelf
- Product photos and descriptions supplied

PARTNERS WE WORK WITH

**Importers · Distributors · Salon suppliers · Retail chains**

EXPORT READY

# Registration made simpler for partners.

We provide the documents needed for customs clearance and product registration in your market.

| | |
|---|---|
| Full ingredient list (INCI) | Per product |
| Certificate of Analysis (COA) | Per production batch |
| Material Safety Data Sheet | English (MSDS) |
| Customs & registration documents | On request, by country |
